To Whom It May Concern:

This letter is in reference to Wesley Lewis, whom I have had the privilege of knowing since 2005. I first met Wesley when he came on staff at OakLeaf Baptist church as the youth pastor. The church was only five years old when Wesley came on staff. He quickly took charge of the youth program and began to institute numerous in reach and outreach programs that were directly responsible for the growth of the youth department. In the past few years Wesley has transitioned to a more pastoral role as the executive pastor, while still overseeing the youth department. His organizational skills have been instrumental in streamlining and enhancing many of the ministries in the church. Wesley is a gifted communicator, manager, and leader.

Wesley's academic accomplishments and ministerial experiences have been tried in the fire of a growing and active church. Wesley now desires to expand his ministerial influence as God would open doors for him to do so. Based on my personal knowledge of Wesley Lewis, I do not hesitate to recommend him for any pastoral position that God may open for him to serve in. Wesley has more than shown himself ready and able to serve the Lord in any ministerial capacity.

In Christ,
